FIKST OF MIAMI CONSULIDATED

pany shares, which have created sensational interest among investors in the Globe-Miami district for the last week, are to be placed on the market here today, according to announcement made by Hal C. Prince. This city has been allotted 100,000 shares of the stock at 50 cents a share, and if the public here takes the same view of the property that is held by the people in Globe and Miami, the allottment will be gone within a few days. In Globe and Miami, the allottment was made and the majority of the stock was gone within the first three days after it had been offered to the public for the last work is in full swing. The morey that is realized from the sale further bond to secure him in the further bond to secure him in the further bond to secure him to the ground. The entire property is to be drilled in a minerlike manner, and future operations will be based upon what is shown by the drills.

Hal Prince, of the firm of Herbert S. Frince & Company, will be the local representative for the Miami Consolidated, but Mr. Lefkovits and Leo Bigley will remain here for the next few days to assist Mr. Prince. Mr. Co-k was expected in Phoenix yesterday, but his banking interests of December, 1816.

Confidence in the property of the secretary of the company, yesterday when he completed negotiations that have been going on for the last two weeks. The company had several men in view for the position but were determined to secure a superintendent, without regard to price, who is best equipped for the work in hand. Mr. Rice is considered the man, as his knowledge of the Miami Copper Belt, on which both the Inspiration Needles and Miami Southwestern are situated, has been gained at first hand.

Mr. Rice is a graduate of the Michigan School of Mines and is a member of the American Institute of Mining Engineers. His record shows him to be thoroughly familiar with drilling operations on such a property as the Inspiration Needles and it is anticipated that under his direction progress on the property when he company, vesterial company, and founder of the Meerical Company, and founder of the Meerical Company, and founder of the Meerical Company, and founder of the Company is president of the corporation, and he has associated with him the Lefkovits Brethers, and other men of equal standing in the financial world. Major J. H. Dock-weller, one of the best known mining equipments in the west, reported favorably on the property before Messrs. The Miami Consolidated adjoins the Live Onic mines of the Inspiration Company, and founder of the Meerical Company, is president of the corporation, and he has associated with him the Lefkovits Bre

pated that under his direction progress on the property will go ahead at a rapid pace.

sulphides have already been encountered in patches in Dril Hole No. 1, The new commany has title to 62 claims, comprising approximately 1200

the company, and negotiations are underway with an expert drill operator to take the superintendency the company. Although this ma nt work.
